

Curriculum Vitae (December 2009)

Name: Dr Kielan Nicholas Yarrow.
Address: Social Science Building, City University, Northampton Square, London EC1V 0HB.
Telephone: 020 7040 8530
Email: kielan.yarrow.1@city.ac.uk
Home Page: <http://www.hexicon.co.uk/Kielan>
Date of birth: June 18th, 1975.

Education & professional qualifications

1987-1993. Eaton (C.N.S.) secondary comprehensive.

G.C.S.E.s: Nine, seven at grade A.

A levels: Maths, grade A, English literature, grade A, History, grade A.

1993- June 1997. Keele University.

BSc History and Psychology, joint degree with honours: First class.

September 1997-September 1998. University College London.

MSc Experimental Methods in Psychology: Distinction.

December 1999-December 2002. Institute of Neurology, UCL.

PhD: "Temporal illusions subsequent to movement."

October 2007-December 2007. City University.

Introductory certificate in teaching in higher education.

Employment

Since October 2006. Lecturer. Department of Psychology, City University.

April 2004-September 2006. Post-doctoral research assistant. Jointly at the Sobell department, ION, and the Institute of Cognitive Neuroscience, UCL.

October 2003-March 2004. College Teacher. Department of Psychology, UCL.

December 2002-September 2003. Post-doctoral research assistant. Sobell department of motor neuroscience and movement disorders, ION, UCL.

December 1998-December 1999. Research assistant. MRC Human movement and balance unit.

Skills

Research techniques:

- Computer-based psychophysics.

- Oculography (infra-red, EOG).
- Electromyography (EMG) and motor evoked potentials (MEPs).
- Transcranial magnetic stimulation (TMS) and repetitive TMS (rTMS).
- Electroencephalography (EEG) including event-related potentials (ERP).

Computing skills:

- High-level programming languages (Visual C++, Visual Basic, Turbo Pascal, Matlab, MELab).
- Web design (HTML).
- Statistical/signal-processing and spreadsheet applications (including SPSS, Minitab, Matlab, Excel).
- Presentation and database management packages, word processing (including Word, Powerpoint, CorelDraw, Access).

Teaching experience and supervision

Teaching at UCL:

Lab demonstrator for BSc Psychology, 2000/1, 2001/2.

Ran tutorials for BSc Psychology, 2003/4.

Contributed BSc Psychology lectures to:

- B002 (Methods and approaches in Psychology), 2003/4.
- B222 (Biological basis of behaviour), 2003/4, 2005/6.
- B224 (Perception, attention and action), 2003/4, 2004/5, 2005/6.
- C567 (Topics in Neurobiology), 2003/4.

Joint supervision of BSc Psychology final year project, 2004/5.

Contributed MSc Experimental methods in Psychology lectures to:

- Special research methods options (Cognitive Psychology), 2003/4.

Joint supervision of MSc Clinical Neuroscience project, 2001/2.

Teaching at City University:

Contributed BSc Psychology lectures to:

- PS2003 (Cognitive Psychology II), half of course, 2006/7, 2007/8, 2008/9.
- PS2004 (Biological Psychology), entire course, 2006/7, 2007/8, 2008/9.
- PS3019 (Topics in Cognitive Neuroscience), half of course, 2007/8, 2008/9.

Introductory tutorials (BSc Psychology), 2006/7, 2007/8, 2008/9.

Supervision of BSc Psychology final year projects, 2006/7, 2007/8, 2008/9.

Contributed MSc Research Methods and Psychology lectures to:

- PSM511 (Contemporary Issues in Psychological Research), single lecture, 2008/9.

Supervision of MSc Research Methods and Psychology project, 2008/9.

PhD supervision:

- Stergios Makris 2008-.
- Aviad Hadar 2009-.

Ad hoc reviews for the following journals

- Vision Research.
- Perception & Psychophysics.
- Journal of the Royal Society of Medicine.
- Journal of Experimental Psychology: Human Perception and Performance.
- Current Biology.
- Experimental Brain Research.
- Perception.
- Journal of Health Psychology.
- Journal of the Acoustical Society of America.
- Acta Psychologica

Other reviewing activities

- Referee (“rapporteur”) on end of award assessments for ESRC (Economic and Social Research Council).
- Panel member assessing applications for short-term scientific missions under COST (European cooperation in the field of scientific and technical research) action BM0605, “Consciousness: A transdisciplinary, integrated approach.” (2007-2011).

Professional memberships

- E.P.S. (Experimental Psychology Society), 2004-.
- Association for the Scientific study of Consciousness, 2004-2006.

Grants, awards and prizes

- 2010 Royal Society International Travel Grant: “Investigating motor-sensory temporal order recalibration with a low-bias simultaneity judgement task.” £4000.
- 2009-2010 Experimental Psychology Society (EPS) Small Grant: “A functional role for tactile suppression in sensory cancellation?” £2000.
- 2008 Nuffield Foundation Undergraduate Research Bursary: “Adapting the point of subjective simultaneity for audio-visual events: Does efferent information influence the degree of adaptation?” £1110.
- 2007 City University Pump Priming Research Development Fund: “Investigating multimodal temporal perception”. £1500.
- 2002 Queen Square Symposium student poster prize (second place).
- 2001 Brain travel grant (to attend and present at MCC2001, Varna, Bulgaria).
- 1995 Second Year BSc History prize for high achievement.

- 1994 Astronomy subsidiary course prize for high achievement.

Publications

Peer-reviewed journal articles:
